

Dear Valued Medisoft Client,

We are extremely pleased to announce some exciting news. Altex Business Solutions – a leader in business solutions for doctors in Texas - has acquired Med-Com Systems

This merger will bring to the Dallas Ft. Worth area an enhanced range of products, services and support you need to care for your patients and effectively manage your practice. Recently named Houston's top 100 fastest growing businesses, Altex is also the second largest Medisoft dealer in the United States. Altex has achieved this success because like Med-Com Systems they are truly dedicated to exceeding your expectations through innovative, cost-effective solutions; and especially, an unparalleled level of customer service.

One of the new offerings we are excited to introduce to you is Medisoft Clinical. An award winning electronic health record, this EMR easily integrates with Medisoft. It has an impressive set of features and is easy to use.

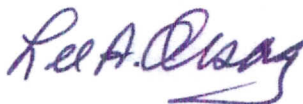

We will be reaching out to you in the days and weeks ahead as we culminate this new relationship, and begin introducing the new team members and services to you. In addition, we encourage you to come and spend some time with us at an event we will be hosting early next year. Details are coming soon.

Contact either of us if you have questions or concerns. However, for now, please join us in celebrating this new chapter in Med-Com Systems history. We look forward to working together to serve you!

Best Regards,
